

**We** contribute to our customer's success through developing excellent solutions. ACTEGA Kelstar Inc., a leading chemical manufacturer, is searching for the ideal, hands-on candidate for a Quality Control Technician in Delran, New Jersey. The position conducts quality control checks on incoming raw materials to confirm that quality specifications are met. Conducts quality control checks on finished aqueous coatings, UV coatings and pressroom chemistry products as well as incoming raw materials, and analyzes test data by performing the following duties:

**ESSENTIAL DUTIES AND RESPONSIBILITIES**

- Sets up laboratory procedures, equipment and instrumentation required for tests, research, or process control.
- Documents and logs quality control test results for various raw materials and finished goods.
- Prepares chemical solutions for use in processing materials, following standardized formulas or experimental procedures.
- Provides assistance to laboratory and production personnel as required.

**Our** cooperation starts with your application to: Human Resources, Carrie Kelly, ACTEGA Kelstar, Inc, fax: (856) 764-4408, or email to: [carrie.kelly@altana.com](mailto:carrie.kelly@altana.com).
